

We are Austria's largest Research and Technology Organisation and an international player in the research areas that we cover. This makes us a leading development partner for industry and a top employer in the scientific community. Our Innovation Systems Department is seeking to hire a new Ingenious Partner for our location in Vienna:

Scientist (m/f) in the thematic area Foresight

IMAGINE

- Innovation studies and foresight
- Research, technology and innovation policy
- "Smart Cities" and energy transition

ENGAGE

- You will contribute to national and international foresight projects and policy advice work within the thematic area foresight.
- You will present research results tailored to the needs of our target groups in government, industry and science.
- You will become part of an international and interdisciplinary team.

ACHIEVE

- You will take part in the development of socio-economic concepts and in designing transition strategies for sustainable energy systems.
- You will deal with questions of institutional change and social acceptance in the field of "Smart Cities" or "Smart Grids".

Your qualifications as an Ingenious Partner:

- University degree (preferably PhD) in a socio-economic field
- Project experience in the topics described above, especially in innovation studies with focus on innovative energy systems
- Willingness to work in trans- and interdisciplinary research areas
- Interest in social science perspectives of technology
- Familiarity with qualitative and quantitative methods
- Fluent in English and German
- Sense of responsibility, ability to work in a team, communications skills
- Experience with interactive formats of knowledge generation, e.g., workshops, social media
- Open minded, visionary, creative and enthusiastic about novel concepts and solutions

Your salary:

EUR 43.106,00 per year (gross income) based on the collective agreement (Forschungs-KV). Higher pay is possible depending on your qualifications and experience.

TOMORROW TODAY – WITH YOU?

Then submit your application documents, including certificates and photo to:
